

Dr. Narine Oganyan

*All-Russian Scientific Research Institute for Physical Engineering
and Radiotechnical Metrology (VNIIFTRI), Russia*

Dr. Narine Oganyan has received her Ph.D. from D.I. Mendeleev Institute of Chemical Technology (1992), Moscow, Russia. In 1985 - 1994 Narine was a researcher at the Chemical Agents Factory, Institute of Applied Chemistry, Chemincor Co., Armenia. Narine has worked as a metrologist since 2006. In 2006 - 2014 she is Head of Service of Research and Metrology Support at the NMI, Armenia, Quality Manager of the NMI and National Secretary of COOMET, and then since 2016 - Deputy Head of Physical-Chemical and Electrical Measurements Departments of All-Russian Scientific Research Institute for Physical Engineering and Radiotechnical Metrology (VNIIFTRI). Dr. Oganyan is actively involved in development of various documents and recommendations in the field of metrology in chemistry.
