

Dr. Ori Elad

Israel Laboratory Accreditation Authority (ISRAC), Israel

Dr. Ori Elad has completed his Master's degree in Immunology and was employed at the northern lab for egg and poultry health for four years, where he established and managed the molecular biology department identifying and typing Influenza and New Castle viruses. He has completed his PhD at the University of Prince Edward Island on the subject of nutritional intervention in Immunological capabilities and has been working at the Israel Laboratory Accreditation Authority (ISRAC) as head of the medical division since. He recently headed the committee in charge of translating the new edition of the ISO/IEC 17025 standard to Hebrew.
